

Laughing Stock Scrum Meeting 7

2026-04-04

All members were in attendance! The purpose of this meeting was to go into more depth for how we will implement everything.

We all got started on our endpoints and were more clearly defining what we need to do for our project.

Endpoints:

Aiden:

- Restaurant assign
- Restaurant create

Daniel:

- Total cost
- User login

Ben:

- Searching functionality

Tom:

- Payment processing
- Tests for endpoints

We determined we would have daily meetings for the remainder of the project.

Tomorrow we will have a meeting at 8pm.

For frontend

- Login page →

- If admin to admin dashboard
 - If customer, give customer interface
 - If driver give driver interface
 - If manager give manager interface
